Project #:	605-327	RFI #:	1
Project Name:	OP Pharmacy Building	Date Requested:	8/6/13
Solicitation No.:	VA262-13-B-0591	Reference:	
Drawing:		Specification Section:	019100
DESCRIPTION OF PROBLEM OR INFORMATION REQUESTED (Please be specific.) Please confirm if the commissioning agent (CxA) costs will be carried by the Owner or the General Contractor. Currently in Section 019100 the following is indicated: "For this construction project, the Department of Veterans Affairs contracts with a Contractor to provide construction services."			
OWNER RESPONSE <div style="border: 1px solid black; padding: 5px;"> Per Section 01 91 00, the VA will engage the CxA under a separate contract to qualify for LEED Enhanced Commissioning Credit. Under this credit, an independent commissioning authority oversees the completion of all commissioning activities. M. Swider (8/12/13) </div> RFI's

Project Name:	OP Pharmacy Building	Date Requested:	8/12/13
Solicitation No.:	VA262-13-B-0591	Reference:	
Drawing:		Specification Section:	142100
DESCRIPTION OF PROBLEM OR INFORMATION REQUESTED (Please be specific.)			
Section 14 21 00 Part 1.1 F Scope asks for built-in remote diagnostic module to relay constant status of the elevator and control system to a 24-hour, 7-days-a-week, central-monitoring facility. Remote monitoring allows the possibility of someone gaining access to make changes to the elevator and reset the elevator without being on site to see what is physically wrong? This could be dangerous. We recommend that this requirement be deleted and that the emergency phone in the elevator go to a 24-hour, 7-days-a-week emergency elevator company.			
OWNER RESPONSE			
<div style="border: 1px solid black; padding: 5px;"> Concur to provide an emergency phone with 24-7 coverage, in lieu of built-in module tied into a central-monitoring facility. M. Swider (8/13/13) </div>
